Guidelines for Remote Learning

*Effective Monday, May 4, 2020*

During the closure, all staff and students will be asked to follow the home remote/virtual instruction schedule. Now that the students have been provided a Chromebook with internet access, the District is ready to move forward with virtual learning. This affords teachers the opportunity to instruct the students with new content, rather than review work. Students will follow a schedule for Instruction (see below). Students are to adhere to their regular school schedule. Google’s “G-Suite for Education” and Google Classroom will be the platform utilized by all of PPS staff and students. **Staff are required to be available during the times of 8:15 am – 3:00 pm.**

**Teacher Expectations for Schools with Devices:**

- Teachers and students will follow a four day instructional week, Monday – Thursday. Fridays will be used for:
  - Student independent work
  - 1 to 1 with Students or Small Group Instruction
  - Office Hours
  - Professional development/coaching outside of the scheduled office hours but within the contractual day.
  - District required/suggested Professional Development
  - District & School administrative instructional coaching
  - Preparation for instruction
  - Grading of assignments
  - Principal meetings

- Additional Planning and Preparation time is allotted from 8:15 am – 9:00 am as student instruction does not begin until 9:00 am.

- If the schedule for the day does not include teacher’s lunch period, they can utilize the time from 1:00 pm – 1:40 pm. (ie, your lunch is period 5, but on Monday’s and Wednesday’s we only have periods 0-4)

- If a teacher needs their lunch period to be earlier due to a medical condition, please inform the Principal.

- If you do not have a Period 0 scheduled class, utilize the time for additional planning and preparation.

- Respond to all student/parent emails/outreach within 24 hours for assignments. All other inquiries may take up to 48 hours for a response. Inquiries sent on the weekend will be answered on the next work day.

- Supervisory/Club periods will be utilized as office hours, in addition to the designated Friday office hours. Teachers must let their students know what these periods will be. These periods will also serve as a time for teachers to prepare lessons and grade assignments.
Should students not seek additional assistance during designated office hours, teachers should proactively contact unresponsive students and their families to ensure their continued participation in their Remote Learning Schedule.

- New material will be taught via virtual platform; focus on the major standards for course:
  - Teachers can do this either asynchronously (not occurring in real time; recorded) or synchronously (occurring in real time; live), as some students may not be able to participate at the normally scheduled period. Therefore, teachers should record/video lessons and upload to Google Classroom for students to access if additional support is needed or session is missed.
- Lesson plans must be emailed to their Administrator for review. Admin will upload the lesson plans to the Google Drive as this is our evidence for instruction.
- Any educational videos posted to a teacher’s google classroom or google meet must be viewed prior to presenting to ensure that the material is grade appropriate and educationally sound.
- Principals/VPs must be invited to the classroom. Teachers should designate the Admin, as “Google Classroom Instructors” for courses. This will allow Principals/VPs to view submissions.
- Google Meet and/or Google Hangouts will be utilized to discuss topics and teach new materials.
- Assignments should not be due the same day assigned. This will provide time for students who were not able to participate in the google meet on that day.
- Teachers will monitor student attendance via participation in Google Classroom. If a student is absent two or more days a week, teachers are required to contact their Principal.
- If a student does something inappropriate during a google meet/hangout or classroom, please complete a student incident report and forward to the Principal.

**Teacher Etiquette:**

- Prepare for technical difficulties; Always check that your technology is working prior to starting the session
- Utilize a quiet space in your home that has minimal distractions and be mindful of the background viewed on your screen
- Dress professionally
- Communicate effectively
- Avoid eating during the session
- If you plan to record the meeting, notify all participants at the beginning of the meeting
- Set norms at the beginning of the session (ie, ask participants to mute themselves, speak one at a time); Ask students to refrain from using their cellphones unless it is part of the lesson
- Active engagement should be displayed
Provide time for students to ask questions, pause periodically to encourage participation

**Professional Development:**

- Admin to identify teachers with proficiency in Google Classroom and have attended District trainings with Eric Sheninger to be the coaches in the building and support the teachers who need additional assistance. Time will be provided to the coaches to prepare for the PD’s.
- District Supervisors will also provide support via online coaching sessions.
- View Webinars on accessing File Bank Inc. to review and grade student paper packets for all Phases. Link will be provided in future correspondence.
- Daily professional development sessions will be offered between 1:45 pm – 3:00 pm and several sessions on Fridays for teachers who need training on utilizing G-Suite for Education” and Google Classroom. Teachers can sign up for sessions via google spreadsheet based on their individual needs.
- Be aware that your Principal will forward you a google link to sign up for virtual professional development.
- Sample resources/activities will be provided to Art, Music & Physical Education teachers to assist them with virtual instruction.

**Student Expectations:**

- Follow the schedule below. Lunch periods will be utilized by students to access software programs (ALEKS, Khan Academy, etc.) or to complete/catch-up on assignments.
- Participate in Google Classroom daily per schedule; this will be utilized as your attendance.
- Complete and submit assignments as per the assignment’s due date.
- Respond to all teacher emails within 24 hours.
- Contact teacher when having trouble completing an assignment or if extra support is needed, inclusive of tech support.

**Student Etiquette:**

- Prepare for technical difficulties; check that your technology is working prior to starting the session
- Behave in a respectful manner during all virtual learning activities
- Dress appropriately
- Actively engage in the sessions; refrain from using your cellphone unless directed by the teacher to utilize as part of the session
- Utilize a quiet space in your home that has minimal distractions
- Avoid eating during the session
- Communicate effectively and respectfully

Grading System

Due to the health-related closure, it is determined that the closing date for MP3 is March 16, 2020. In order to calculate the correct student grade for MP3, please ensure that all assignments that were due on or before March 16 are in your Infinite Campus grade book. Thereafter, complete the following:

- Score/grade all assignments within the Total Possible Points for the assignment
- Review your students’ In-Progress grades to ensure that the score is accurate and not out-of-range
- Post your marking period grade no later than Friday, May 8th.

Submission of Student Work:

- In order to ensure that the work is graded prior to the end of the school year, students will have until June 1st to submit work for Phases 1 – 4. This will provide the District the time needed to upload the packets for the teachers to grade prior to report card distribution.
- If students do not submit their work prior to the deadline, they will receive an Incomplete for the marking period and no report card provided until work is submitted and graded. An Incomplete button is available in Infinite Campus.
- If packets have not returned by the end of the school year, students will have one week within schools physically reopening to submit the packets.
